

Guns to Gardens

Turning unwanted guns into gardening tools!

Saturday June 10th

10 AM - 2 PM

Wesley United Methodist Church Concord, NH

How It Works:

- **Bring your unloaded firearm(s) in the trunk of your car or bed of truck. Your identity can remain anonymous.**
- **A volunteer will guide you through the process when you arrive. Remain in your vehicle at all times.**
- **The gun(s) will be removed from your vehicle by a volunteer who will deliver it to the chop saw operator.**
- **The chop saw operator will disable the gun. Scrap metal from the firearms will be donated and go to a metal artist to be transformed later into garden tools and other works of art.**
